ABOUT ME

I am a passionate Frontend Developer currently navigating the exciting challenges of my eight semester in software engineer. Armed with a solid foundation in React.js, JavaScript, HTML5, CSS3, I am adept at leveraging powerful tools such as React Router, Material UI and Bootstrap to craft seamless and visually appealing web applications. currently, I am enthusiastically learning and exploring new technologies like Next.js and Tailwind CSS. I thrive on turning coding challenges into opportunities for growth and innovation. Committed to excellence, I am actively seeking to contribute my skills and collaborate on cutting-edge projects.

EDUCATION

2019- 2024

SUKKUR IBA UNIVERSITY

Bachelor of Software
Engineering

SOFT SKILLS

- MS Access
- MS Office
- MS Project
- Leadership
- Effective Communication
